PROPOSED
TRANSIT
DISTRICT

A major forward step to protect and further the transit services of Alameda and Contra Costa counties and to provide a system that will integrate with the nine-county Bay Area rapid transit plan today before the city councils of 16 cities in the two counties, for favorable action.

The step was initiated by the East Bay Transit District Organization Committee which urged early and favorable action on a resolution that would place the matter for forming an Alameda County-Contra Costa Transit District before the voters of the two counties in the November election. Committee Chairman Clair W. MacLeod advised the 16 city councils that the creation of an Alameda-Contra Costa County Transit District "is necessary to properly secure the means and the machinery by which the local transit needs of the counties of Alameda and Contra Costa can be met and also provide for an interim transbay service without interfering with the plans for an eventual nine-county system or rapid mass transit as envisioned by the San Francisco Bay Area Rapid Transit Commission in its recent report."

The East Bay Transit District Organization Committee, composed of civic leaders of the two counties, directed its appeal for favorable action to the city councils of (Alameda County): Alameda, Albany, Berkeley, Emeryville, Hayward, Oakland, Piedmont and San Leandro.

(Contra Costa County): El Cerrito, Hercules, Martinez, Pinole, Richmond, San Pablo and Walnut Creek.

The committee's appeal was accompanied by a map outlining the boundaries of the proposed district extending from the eastern shores of San Francisco and San Pablo bays on the west, to Crockett on the north and Mt. Eden on the south and beyond Concord, Walnut Creek, Alamo, Danville and San Ramon on the east; a copy of a resolution required to implement the effort to form the district and summary of the Transit District law which was approved by the State Legislature as a first step in the program.

Chairman MacLeod's covering letter included the following explanatory language:

"In order for the board of supervisors to call the election it is necessary for either one-half or more of the councils of the incorporated cities within the proposed district to pass a resolution such as the one enclosed herein, or a petition to be circulated and filed containing 10 per cent of the registered voters in the proposed district. It was the considered judgment of the committee that

Albany Ball Team
Still in 2nd Place

After the scheduled games Sunday, Albany-Golden Gate Fields Junior baseball team still remains in second place in the official standings. The game Saturday saw Bill Erwin Post defeat the Albany boys nine to seven. The game was featured by many errors, Albany committing seven and the Erwin boys five. Because of a decision in the fifth inning when the base umpire allowed a Bill Erwin player to score from second base after a balk by the Albany pitcher, Albany played the balance of the game under protest. If the protest is allowed by the American Legion Baseball Commission the game will be played over.

On Sunday in Albany the Albany-Golden Gate Fields team took the Richmond William Green Post by the score of five to two.

The schedule calls for Col. Charles Young to play Albany in the Albany Memorial Park Saturday, June 30, and Albany will journey to James Kenny Park in Berkeley to take on Berkeley Post No. 7 Sunday.

Fire, Police Plan
Rigid Enforcement
Against Fireworks

Fire Chief Fred Pimental and Police Chief Ralph Jensen today issued a warning against sale, possession or discharge of fireworks within the limits of the City of Albany.

With the Fourth of July near, Chief Pimental cautioned Albany residents that arrests may follow if they sell or discharge any kind of device "making an explosive report or pyrotechnic display." Cap pistols, he added, are allowable under the law, however.

Such rigid enforcement this year, states Police Chief Ralph Jensen, is to prevent injuries so prevalent in the past, especially to children. Those who attend the Fourth of July festivities at the Memorial Park at times become endangered from some unthinking person shooting fireworks among the throng. "This enforcement," the two chiefs add, "is not intended to curb any enthusiasm for the celebrating of Independence Day but is for the protection of life and property of our citizens."

They that can give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety.—Franklin.

The six students who graduated on June 7 from the Albany Adult Education Center are pictured above. With them are Dr. Paul C. Bryan, superintendent of Albany city schools, and John C. Longaker, vice president of the board of education, both of whom addressed the graduates. From left to right those in the picture are Charles Ostrout, Fred Letner, Mary Ann Maddox, Dr. Paul C. Bryan, John C. Longaker, Betty Helm, Alfred Ensley and Herbert Hill.

This Is Albany

Councilman Jerome Blank will be speaker of the day at the meeting this noon of the Albany High Twelve Club at the Red Barn, 1742 Solano Ave. The luncheon, as usual is scheduled to start promptly at 12:12 p.m. Cecil Lavers is chairman of the day. It will be the final meeting of the club until after the summer vacation, the luncheons starting again around Sept. 1. All members of the Masonic fraternity are welcome.

The very eventful 1955-56 term of Marin P.T.A., under the guidance of Mrs. Leslie Stanley, president, was recently brought to a conclusion with the giving of three varied and worthwhile items to the school. These were venetian blinds for two outside classrooms, the contribution of \$35 to the Principal's Fund to be used for the benefit of students and the purchase of 10 track uniforms.

For those interested in camping and recreation facilities available to Albany residents there is a complete brochure available at the Albany YMCA, the Albany Recreation Department and at the Albany Board of Education office at the Cornell School.

William G. Woolworth, assistant superintendent of the Albany City Schools and retiring president of the Albany Rotary Club, is spending a 12-day portion of his vacation at Camp Wolleboro, near Ebbets Pass as one of the leaders at the Scout camp. There are 22 Scouts from Albany at the camp for the first session of the summer camp season. At the camp for this session are 334 Boy Scouts and Explorers of Mt. Diablo Council, representing Albany, Berkeley, Richmond, Antioch, Concord, Martinez, Pittsburg, Orinda, Pleasant Hill, Lafayette and Byron.

RESIDENTS
PROTEST
PARKING
LOT PLAN

Written and verbal protests against a proposal by Dagna's Market to install a modern parking lot for the convenience of customers provided the background for a long discussion at the Albany City Council meeting on Monday night.

Acting Mayor William Donahue finally declared he believed it would be fair to all concerned for the matter to be postponed two weeks, and a decision could be made with a full council. This referred to the fact that Mayor Lewis M. Howell is now in the East on vacation.

Mrs. Zalu protested vigorously over the postponement, declaring that it was evident that more than 25 per cent of the residents were opposed to the rezoning and, according to precedent, the rezoning should be denied.

The rezoning had been supported by the Solano Avenue Merchants Association and by the Albany Chamber of Commerce, as well as by individual merchants in the vicinity of Solano and Ramona Avenues where the Dagna market is located.

The protesting residents claimed that the location of a parking lot, with ingress and egress on Ramona Avenue, would still further increase a traffic problem which already exists; that it would increase the danger to children living on the avenue, and that it would tend to reduce the value of their property.

In his statement on behalf of the Dagna proposal Attorney George Glavinovich pointed out that the parking lot improvement would involve the expenditure of some \$40,000; that it would provide parking for 33 cars; that another market further up Solano had operated such a parking lot adjoining residential property for many years without complicating traffic problems or hurting real estate values, and that such a parking lot would provide considerable relief in a 'tight' parking area.

In announcing this postponement Acting Mayor Donahue declared he thought it might be possible for the opposing interests to get together and to arrive at some solution satisfactory to all.

Other matters passed upon by the city council were:

The city attorney was instructed to prepare a resolution endorsing the formation of an East Bay Transit District in the Counties of Alameda and Contra Costa, with a view to the matter being placed on the ballot for public approval or disapproval.

Approval was given the Albany Junior Chamber of Commerce for the holding of a community fair at Golden Gate Fields Aug. 1 through Aug. 5, and to erect a tent.

Letters were received from Vice-President Cecil Lavers and Secretary Gartner Thomas of the Albany C. of C. requesting that the sum of \$6,000 be included in the 1956-57 city budget for the purpose of aiding the local chamber in its work. This was referred to the budget committee.

The request of Frank Lacy of the Albany Bowl for the rezoning of two lots for use as parking lots, and recommended by the Planning & Zoning Commission, was approved.

A protest from the St. Alban's Episcopal Church, together with seven petitions containing 94 signatures against the proposed opening of a liquor store at 1500-1502 Solano Ave., was read and ordered referred to the Alcoholic Beverage Control Board.

A letter from Dr. Robert T. McMahon, health officer, submitting the resignation of Deputy Health Officer A. Bartley McIntyre and requesting permission to advertise for his replacement, was received. A letter of regret was ordered sent to Mr. McIntyre. Mrs. Zalu proposed a study be made on the subject of putting on the ballot a plan to turn over the health department work to the county, as some cities already have done.

A request from the police department for new car radios to conform to the change in voltage on new cars was approved. Ap-

yard requirements at the same location was also approved.

Ordinance No. 804, rezoning from First Residential to Hotel Zone the proposed hotel area on Albany Hill, was also passed to first reading, 3 to 0. Mrs. Zahn, protesting that there was no certainty of a hotel being built within any definite period, or that the plans would be carried out promptly, stepped down from the platform and asked that she be recorded as "absent."

Ordinance No. 805, amending Ordinance No. 351 to add the words "Hotel District," was also passed 3 to 0. On this question Mrs. Zahn passed her vote.

The request of Mrs. Grace Icardo, 904 Carmel, for permission to cement concrete her parking strip, approved by City Engineer McAuley and Park Superintendent Emmett Devine, was approved.

On recommendation of the city engineer the bid of the Seaside Oil Company for city gasoline for the coming year was approved.

Resurfacing of the Memorial Park tennis courts was awarded to O. C. Jones and Sons of Berkeley, the lowest bidder, on recommendation of the city engineer.

Request of the Solano Avenue Merchants Association that the light standards be repainted in a lighter color was denied on the recommendation of the city engineer, who declared the present paint would be good for some time to come; the utility companies would not consent to painting their poles to conform, and the cost of repainting at the present times would be about \$2,500.

At the suggestion of Vice-Mayor Donahue the city engineer was requested to attend a hearing before the board of supervisors on gas tax funds, and to request the sum of \$30,000 to be applied toward the proposed elimination of the Buchanan grade crossing.

Albany Youths End Recruit Training

SAN DIEGO, Calif. (PHOTO) —Richard J. Weisshaar of 811 Cerro St., Albany, and Albert A. Weikert, son of Al Weikert of 1270 Washington Ave., Albany, have completed recruit training in mid-June at the Marine Corps Recruit Depot, San Diego.

The 10-week course includes instruction in all basic military subjects and the firing of all basic infantry weapons.

HARD STARTING

Here's something every motorist should know—simply drying spark plug terminals with a rag will often correct a common cause of hard starting, according to the California State Automobile Association. Hard-to-reach terminals can usually be dried by fanning with a cloth or newspaper. Minute accumulations of moisture cause short circuits which affect starting. This condition sometimes occurs when a car stands out in rain or fog.

VOLUNTARY SAVINGS

Nobody likes to pour money down the drain but a lot of people do it. How? By the way they drive. Whenever you take off like a jackrabbit from a stop light, you're wasting gasoline and rubber, says the California State Automobile Association. And what's more, if your car has an automatic drive, this type of fast getaway may play havoc with the transmission parts. Ease away from stops, and save money.

For a clean car and clean highways, hang a paper bag in your automobile to make it convenient to put papers, cartons, cans and bottles in it for proper disposal later. Motorists are warned by the California State Automobile Association that tossing litter out of motor vehicles is against the law and subject to strict penalties. Anti-litter campaigns are growing and spreading throughout the state and nation, so don't invite a citation by leaving a trail of cast-offs. Besides, streets and highways are more pleasant to view and safer to travel when they are free of trash and clutter.

A telephone helps plan for pleasure

Here's a picture of a family starting a pleasant vacation trip. And here's how they planned it. His wife called sports shop to see that their tennis rackets were resurfaced. And they arranged, by telephone, for the neighbors to take care of the cat. He called ahead for reservations and they're off. This is a special occasion. But even if it's everyday, telephone is always ready to do so many things, so quickly with so much convenience. The men and women of Pacific Telephone work to make your telephone more useful every day.

Recent Visitors

Among the many groups to visit one of the telephone offices in the East Bay was Brownie Troop 75 from Belmont School in Berkeley.

Youth groups are always welcome and we appreciate the opportunity to explain and demonstrate how telephone works. Why not call your local telephone business office and arrange for your group to visit?

East Bay Transit District Proposed

(Continued from page one)

According to the city council resolution was the best course. The Rapid Transit Commission endorsed the passage of the Transit District Law in 1955 and declares that an Alameda-Contra Costa District could insure local service and provide an efficient transit service in line with the eventual nine-county plans. The creation of an Alameda-Contra Costa Transit District responsive to the present and future needs of the people in the area as well as to local and inter-county needs would hasten the nine-county system and not impede it. As San Francisco, as announced recently by its mayor, intends to modernize its local transit system and lay the ground work for integration with the overall nine-county transit plan of the future, so must the counties of Alameda and Contra Costa do likewise.

Apparently the private carriers serving the Alameda-Contra Costa area are not now able, nor will they be able in the future, to provide a modern transit system capable of properly serving the local needs of the counties of Alameda and Contra Costa and take the first steps necessary to carry out the plan for the inter-county system in the future. This can only be done by a public body such as the proposed Alameda-Contra Costa Transit District.

Only two things would be decided by the voters at the election suggested in the enclosed resolution, one, whether or not a district should be created, and two, who should compose the first board of directors. The board of the district, if created, would formulate plans for constructing or acquiring transit facilities. These plans would be presented at a subsequent bond election requiring a majority vote before the district could actually go into the transportation business.

The boundaries of the district were given careful consideration and it was determined that the area in the district now proposed includes the majority of the area which would be most likely to be in the near future, the benefit that an Alameda-Contra Costa Transit District could give. Other areas can be annexed in the future if the need is demonstrated, by following the steps provided in the Transit District Law.

In order to place the question before the voters in November, action should be taken by the city councils concerned before Aug. 1, 1956. It is therefore respectfully requested that your honorable city council pass the enclosed resolution at your earliest convenience, and that you transmit a copy to the other city councils.

Copies of the material also were sent to chambers of commerce serving the 16 cities for information and guidance in discussion of the problem with civic officials and community leaders in their respective areas.

Because of the vital nature of the subject, the chambers were asked to give the matter serious consideration and to convey their recommendations to their city councils.

Freeman Freddy Says:

"How old am I?"

asks Mrs. Rollin E. Jaberg
2169 Green St., San Francisco

Time was when many women used to hide their age... but nowadays they're apt to boast about it! One reason—and a big one: modern appliances. They're freeing women everywhere from chores that used to make them too old too soon.

Take Mrs. Jaberg, who lets appliances handle much of her work. Hard to believe, but she's actually 60 years old.

How about you? Are you increasing the staff of automatic appliances in your home? Remember, with P. G. and E.'s low rates for gas and electricity, you can run a whole household all day long for just about half the price of most lipsticks.
